

Kashmir Relief Work through Max India Foundation

Max India Foundation responded immediately to the disaster in Kashmir with generous donations of relief material for the flood affected families. We sent out 1800 kgs of relief material including medicines and consumables; ration; baby food; sleeping bags; and clothes. We followed up to ensure that the material reached the relief camps.

A big thank you to the Max group for their generous donations, in cash and kind. A special thanks to the Indian army and Indigo airlines for facilitating the transportation of the relief material.

Our work on this continues.....

A general
health check-up camp
in a village in Pitampura. 150 people
got free check-up and medicines.

Surgeries and Treatments supported by Max India Foundation in September:

- A 28-year old man from a low socio-economic background developed profound bilateral hearing loss following a trauma injury. He was supported by Max India Foundation with a cochlear implant for his ear, placed by Dr Sachdev at MHC, Saket.
- A 2-year old boy belonging to a marginalized family, was born with a rare congenital anomaly of the heart called Tetralogy of Fallot. He was supported by Max India Foundation for surgical correction of this anomaly at MHC, Saket.
- A preterm (premature) newborn baby who required life support on a ventilator in the ICU for an extended period at Max hospital, Shalimar Bagh, was supported by Max India Foundation for receiving the requisite life support.
- A 1-year old boy from a poor community born with a congenital ventricular septal defect in the heart was supported by Max India Foundation to receive a surgical closure of the anomaly at MHC, Saket
- A 30-year old man had a leg amputation in an unfortunate train accident. We got him the required replacement for his prosthesis.
- One homeless child residing in an orphanage run by NGO Tara Homes, was treated for eye infection at Max, Panchsheel Park, with support from the foundation.

To date 3532 needy patients have received support from Max India Foundation for their surgeries and treatments.
